# *Terms and Conditions*

## *Shipping*

We dig and ship plants as soon as the weather will permit in the spring. Parties ordering, should indicate if wanted by freight or express, also route. If no directions are given, we will forward to the best of our judgment, without assuming responsibility, after consignment to the purchaser.

## *Terms*

Cash. When desired, we will allow usual terms of credit to responsible nurserymen. All bills not paid by June 1st subject to sight-draft without notice.

## *Packing*

Prices in this list include boxing, packing and delivery to the freight or express office in Atlantic, Certificate of inspection will be furnished with each shipment. All plants are nicely trimmed, tied in neat bunches of 25 each and packed in light boxes, with clean moss.

## *General*

Varieties marked "imp" are imperfect, and will not bear fruit unless a variety marked "per" is planted with them, as fertilizer.

## *About Ordering*

It will be to your interest, as well as ours, to order early, as every year, we have been short on plants and have had to refuse all late orders.

You are also assured of better selection, and better service, as our stock is more complete, and we are better able to handle orders earlier in the season.

## *Shipments*

- For longer distances, it is much better to order plants sent by express, as they will arrive in much better condition, than if they traveled by the slower freight. Also express companies, make better rates on plants and seeds, than they do on any other form of merchandise.
